

HD CLAD TO PRO

A Composite Prime Product

Wood Grain Composite Cladding System

HD Clad Pro™ provides a low maintenance, durable alternative to traditional timber cladding that is available in a range of natural colours. The invisible clip fixings and trims allow for an uncomplicated installation which will transform the exterior of residential and commercial properties alike.

HD Clad Pro™ composite cladding exclusively uses FSC® 100% certified hardwood flour and recycled plastic which combine to produce a high quality product that outperforms traditional timber. The HD Clad Pro™ system offers a range of complementary trims to complete your cladding project.
